OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE,

No 4026
244

Bangalore Mysore, 24 November 1896

From

H. J. BHABHA Esq

Inspector General of Education in Mysore,

To

The Secretary to the Government of Mysore
in the Revenue & General Department
Bangalore

Sir,

I have the honour to invite your attention to my memorandum on the establishment of three District Normal Schools of the Lower Secondary Standard dated 25th October 1895 forming appendix C (of the Supplemental Budget of the Village School Fund for 1895-96 submitted with my letter Camp No dated 29 October 1895) and to recommend that Government may be pleased to sanction the establishment of the schools from January 1897. The provision required for maintaining the three new schools

As no been
on the 5 (post 4) do
not put up

proposed for six months ⁴ is Rs 1980 for establishment and Rs 2700 for stipends of teachers under training. In the Normal School Mysore only 26 Government teachers are trained in the V or Lower Secondary Class. The total number of vernacular teachers employed in village schools is about 1700 and that of vernacular teachers employed in Taluk Schools and girls' schools is more than 900. Comparatively very few teachers have passed the Local Examinations or received training. The V Class of the Normal School Mysore can make but a slight impression on the large numbers of teachers employed at present. Most of the newly employed teachers it is true are passed men, but the District Normal Schools are required for the improvement and training of such of the old teachers as are capable of improvement. The number of such teachers

4680 Rs

For 2
Schools
3120

3
is very large and they will benefit
greatly by being trained

2 I would add that a provision
of Rs 9360 for opening the three
District Normal Schools was made
in the Village School Fund Budget
of 1895-96, but was struck off in
the Budget of 1896-97 "as the sub-
ject was still under the consider-
-tion of Government

Mysore
Bangalore 12th December 1896

From

H J BHABHA Esq

Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore
in the Revenue & General Dept^{ts},
Bangalore

SIR,

With reference to your Docket
No 6731 dated 11th December 1896, I
^{28 235}
have the honour to inform you that
the three new Normal Schools proposed
to be opened at Kolar, Tumkur and
Shimoga will be of the Lower Secor-
-ary Standard and will correspond
to the II Class of the Normal School
at Mysore. It is intended to train
in them mostly village masters in
receipt of 5 and 7 Rupees a month
who are at present not fully
qualified for their work. It is
necessary to open Normal schools

- (1) as near their home as possible
When the three new schools proposed
are opened there will be one Lower
Secondary Normal School for every
two Districts. The V Class of the
Mysore School will train masters
for the Mysore and Hassan Districts.
The Shimoga School will train
masters for the Shimoga and Kadar
Districts. The school at Tumkur
will train masters for the Tumkur
and Chitaldroog Districts and the
one at Kolar will train village
masters for the Bangalore and Kolar
Districts. Kolar has been chosen in
(2) preference to Bangalore as living is
cheaper for the masters at Kolar
than at Bangalore. The training school
should be local so trained masters
(3) refuse at present to go to serve in
distant villages in the outlying districts.

I have the honour to be,
Sir,

Your most obedient servant,
H. Bhatia

J. R. V. Inspector General.

Sir,

S 11² 25

With reference to para 4 of Order
No 8287-8 dated 21st January 1897, I have
Ed 7 2796
the honour to inform you that no
useful purpose can be served by
making the Normal school for the
Bangalore, Kolar and Trunkur Districts
itinerant as only 10 masters from
each District will be under training
in the school, while shifting the school
from one place to another will be
attended by many inconveniences
and disadvantages. In Kolar the Telugu,
Kannada and Hindustani schools are
all located together in a group of
buildings within the same compound,

10000 0 1/4 10000 1000

By renting a house close by for the Hindustani school, the new Normal school can be conveniently located in the rooms now occupied by the Hindustani school, and then all the three Vernacular schools would serve as practising schools. This great advantage it is not possible to secure at Bangalore or Tumkur. I would therefore locate the Normal school at Kolar. The favour of very early orders on the subject is requested. Eventually every District, Bangalore included, will it is hoped have a Normal school of its own.

I have the honour to be,
